Pictures not present and multiple spelling errors and cross-outs.</p>

Total Score : _____

Forensic Science Career Project

You will be creating a photo-story about a career involving forensic science. In choosing your career, your textbook can be a great resource.

You need to include the following information:

- a. Description of the career (be detailed)
 - What tools/technology would you use in this career field?
- b. Years of school and degree required and/or other training/qualifications
 - include at least two universities that offer a major in that field and the cost of tuition
- c. Salary, job outlook
 - include at least two companies that will offer a job
 - Where do you do most of your work? (lab, at the crime scene, etc)
- d. Is this a career you would like to do? Why or why not?
- e. Any interesting facts or information you find in your research

You need to have 12 slides (6 with words and 6 pictures) – Powerpoint or Prezi

Make sure you cite all of your sources properly. Handout will be passed out. You can either use MLA or APA format.

Also look at the rubric for other requirements.
