

Ecology Unit Student Led Lessons – two hours to cover one chapter

1. “must know” has to be covered from the chapter.
2. VG – must assign or show
3. RG – optional
4. Lecture – must provide notes (written or typed)

Add interactive handout if possible

Must include local example

5. Activity – Online or in Class (clicker, jeopardy) Check out my website for possible activities. If you need computer lab time, please let me know ahead of time.
6. Pre/post test to see content knowledge gain. This will replace your quiz score.

You will be graded on the coverage of the content (must know), and effectiveness of your activity in enhancing student understanding.

Be sure to check with Mrs. Ancheta before teaching the chapter.
